Please tell me what you want to, i want to know everything that i need to do to build a rich and happy life for myself and future family.

I went to PCS in 2007 and i was only 12 years old. My best friend there was on Barney. She was 17 and her birthday was on St. Pattys day. I did an ensemble in choir for "the sound of silence" and the only good part about gym class was the radio and listening to LEN's "steal my sunshine". We did a "that thing you do" dance for the talent competition against the boys unit. I heard they had a swimming pool... Totally not fair btw.

My name is Elizabeth Anne Ruggles Kerr
They called me "Annie" but coming out of the closet i now am "Andi." And my PCS number was 431. Unit 2. Right side of the nurses pill hall. First floor.

Facebook is Rugby Ruggles
I do not have a secure line.
But we NEED TO TALK.
