To Whom This Concerns:

It has been brought to my attention of words on your web sight about Farmer Christian Academy.

I have not been an employee of another girl's academy.

I have no girl or client enrolled at Farmer Christian Academy.

I totally disagree with you calling Farmer Christian Academy abusive behavior modification facility, torturers, abusive and industry.

Based on your information, I request that Farmer Christian Academy be removed form you listing of supposed abusive Academy.

If not, I will seek legal authority.

I ask you to confirm that the Academy has been removed from registry. I ask a reply within ten working days.

Helping the Downfallen,

Jimmie M. Clark
