The Vaughn's we're staff. a husband and wife they were called RCs "residential counselors". But they were supervisors over all the RCS. THEY WERE VERY CLOSE TO JUDGE JACKSON. When he would come visit they would walk around when he would come in to I guess tour his facility. We had to face the wall when he walked by and we new he was coming because they cooked catfish for him and it stunk. The only person that never hurt us was the soccer coach that came once a week we called him coach rob I have all my juvenile paperwork from that time and will get the names that are on there. Also the judge had a daughter she was the main person to do things to us sexual she worked nights and always sit at the end of the hall I do not know her name but the RCS on nightshift always called her the judges daughter never by her name. I will email you with names off my paperwork. I would like to point out that I was never hurt by other patients. I was in the jaguar age group we were the young kids 10 to 12 we stuck together the best we could I was there for 10 months.

Dear Kevin,

Thank you for contacting us! It is our understanding that Jackson Academy is permanently closed and reportedly has been since 2005. It is buried in the virtual graveyard at [www.beyondbusiness.net/youarenext.htm](http://www.beyondbusiness.net/youarenext.htm). We hope this brings you some closure as well.

We do have Mr. Grant on the staff list but this is the first we've heard of "the Vaughn's". Do you know the full name of the Vaughns and were they staff or fellow residents/students?

If you'd like us to print your message to .pdf disclosing your name, e-mail address, subject, and body of your message and post it as feedback at <https://www.heal-online.org/jackson.htm> and <https://www.cope.church/feedback.htm>, let us know. We'll be happy to add it.

In Solidarity,

HEAL Missionary Team for COPE
