To Whom It May Concern,

If you are reading this letter then you may be on our mission's watch-list or otherwise referenced on our site. I am Rev. Angela Smith, Minister of COPE Ministries and national coordinator of our mission Human Earth Animal Liberation (HEAL). You will find your program listed at <https://www.heal-online.org/thelist.htm> . And, if you click on "More Info" should said hypertext accompany the listing of your program rather than a statement that reads "In Progress" you will see the information we have on your program. You may also need to see our disclaimers at <https://www.heal-online.org> (bottom of homepage) to understand our position. And, to learn how this mission fits within the scope of COPE Ministries, please see <https://www.cope.church> .

I'm taking this opportunity to make you an offer. If you agree to host and post publicly all complaints, inspection reports, citations for violations, police calls, and provide space for former clients to publicly complain where you also provide how you resolved or addressed the issues and areas of complaint, we'll remove your program from the watch-list and the information page on your program. Or, as an option you can permit us to create a page just for programs that agree to do this where we list you as in compliance with COPE's standards and link to the page(s) where you list the complaints, citations, police calls, and the rest as aforementioned.

If you do not accept the above offer which will remain available to you as long as our Church and Mission stand, then you may wish to take advantage of the offer below.

COPE Ministries is accepting Feedback of any sort regarding COPE (including HEAL Mission) and any position we take on any issue. We are posting this Feedback (critical and complimentary) on our site at <https://www.cope.church/feedback.htm> . So, if you would like to send feedback to be posted to that page about our content, you may e-mail with subject "Post My Feedback" to rev@cope.church . And, this offer will also be perpetual.

If you'd like to support COPE Ministries, see <https://www.cope.church/basket.htm> for more information. We're currently a work in progress and appreciate your patience.

Sincerely,

Rev. Angela Smith

HEAL Mission National Coordinator/Founding Mother of COPE
