Dear Sam,

We'd have to include your name and e-mail address to post it as feedback. It is part of our commitment to transparency and to help avoid confusion in case someone assumes anonymous tipsters are the same person even where there are discrepancies or arguable incidents of conflicting data. We'll keep it confidential in the private file if you aren't comfortable. No worries.

Best Wishes,

Dear Sam,

Thank you for contacting us! May we print your message in entirety (disclosing your name and e-mail address as well as body of message) to .pdf and post it as feedback at <https://www.cope.church/feedback.htm> and <https://www.heal-online.org/academy.htm> ? We appreciate your perspective but do not like to remove or edit any previously posted information without documentation usually in the form of public records because other survivors/witnesses provided it and we wish to give everyone equal voice.

Please let us know if we have your consent to post your message as feedback. Thank you for the info!

Best Wishes,
